City of 100 Spires

On our 4×4 tour you will venture through difficult terrain on your choice of a reliable SUV or a vintage soviet jeep. You will get a very rewarding experience as you drive across a rocky landscape, through gushing rivers, past ancient ruins. Swallowed between large mountains home to rare wildlife only found in the South-Caucasus, your excited driver will take you to different sights of interest in the CWR. Keep your eyes peeled for bezoar goats scaling up the cliffs, bears pacing near the streams, and eagles flying through the sky. The views you will get from both inside and outside of the jeep will make for an unforgettable trip.
