Bird letters drawing workshop

Zanan Zanan Cultural Center

"Zana" House of Culture offers to break away from everyday life, calm the nerves and focus the brain by doing creative work. We offer to color the name letters of the guests with the outlines of Armenian bird letters on the cloth. Guests will have the opportunity to choose their desired letter or ornament to take with them as a souvenir from pre-outlined letters with motifs typical of Armenian miniature painting on artificial or natural silk cloths. The applied techniques are different: flower writing, bird writing, animal writing, ornaments.
