ACTIVITY CRAFT

Making jewelry with polymer clay

Aslamazyan Sisters Gallery Aslamazyan Sisters Gallery

Gyumri is a city of crafts and arts. Masters who are already skilled in their work, have a new say in the development of new branches of culture and art in their city, must be available to the people of their country and to foreigners. We kindly invite you to our studio to discover Gyumri and culture.

During this masterclass you will:
-discover the art of working with polymer clay
-explore how they use it
-make interesting jewelry or any souvenir

During the master class, visitors will be given a certain amount of polymer clay, with which it will be possible to create one or two ornaments as desired - time, as well as auxiliary materials - glue for jewelry, metal parts, if desired - natural stones.
