Armenia  Free

With Saint Sarkis and Trndez the previous days, Armenians continue to celebrate love during Valentine's Day! Armenia is full of love and flowers during all day long. You will be surprised about how people celebrate Valentine's Day in Armenia: balloons, flowers and chocolates are the perfect combo. You can celebrate Valentine's Day with your loved one in one of the many bars, restaurants or cafes. You can also decide on a romantic getaway outside the city.
