

New Year

📍 Événement national  Free

It all starts on New Year's Eve in the church, at the New Year's Liturgy. One of the highlights of the festive service is the blessing of the pomegranate, the national symbol of Armenia. At the end of the service, everyone goes home to the festively set tables, which these days are especially abundant.

Shortly before midnight, it is customary to exchange gifts and wishes. The kids are looking forward to Dzmer Pap, or "Winter Grandfather ". Exactly at midnight, the sky over big cities lights up with fireworks, toasts and New Year's greetings sound. Festive fun usually lasts until the morning.

In the early days of the New Year, visits are usually exchanged here with friends and relatives.
