

International Women's Day

📍 Across Armenia  Free

Armenia has celebrated Women's Day since 1921, and it's not just a single day—it lasts an entire month, culminating on April 7th!

During Armenian Women's Month, many institutions provide women with special benefits. In Yerevan, young boys often hand out flowers to women and girls on the streets, organized by the Yerevan Municipality. It's a day to honor all women, with family members, friends, coworkers, and even strangers offering warm wishes of "Happy Women's Day."
